

4th. WEEK - 4th. GRADE

SCIENCE:

LIVING ORGANISMS AND ECOSYSTEMS (UNIT 2)

pages 24-25

1. Watch this video.

Ecosystems are made up of **living things** (living organisms) and **non-living things** (non-living organisms).

<https://youtu.be/sKJoXdrOT70>

- a. *¿Cómo llaman aquí a los “living things” y a las “non-living things”?*
- b. *¿Y qué incluye, qué tiene, cada una de esas partes?*
- c. Write the examples of ecosystems that you can see in the video.

2. In this pond [*estanque*], what are the living things?

- What are the non-living things?
