Yesterday was the **worst** day of my life! We all **invented** different things for the inventor's **competition**. I really **wanted** to win but now I am in big **trouble**!

Everybody invented something different.

Camilla invented a really incredible spray. It **changes** the colour of your **clothes**. It's like having new clothes every day!

Harry invented a fantastic **liquid**. It makes everything **taste** wonderful, even horrible **vegetables**!

Justin invented a **robot** to lay the table. You just click your **fingers** and the robot does the work.

And Fatima invented a really useful **gadget**. It corrects your **homework**. I really need one of those!
