

SCIENCE:

LIVING BEINGS: CELLS AND FUNCTIONS (UNIT 1)

pages 14-17

1. **Protocista** Kingdom comprises (is made up of) _____ and _____.
2. What are the main characteristics of **Protozoa**?
3. Read this text about **algae**:

Algae are a large and diverse group of simple, typically autotrophic organisms. Some have one cell and others have many cells. The largest and most complex marine algae are called seaweeds. They are like plants, and "simple" because they lack* the many distinct organs found in land plants. 11 mar. 2020
[*Lack: *les falta, no tienen*]
